- Annmarie Jarrett, Academic Coach First Grade
- Angie Greiner, Academic Coach First Grade
- Courtney Grimm, Program Assistant

Success at TCLC

The Tallmadge Community Learning Center's students and staff continue to work hard on the reading, math and homework rotations done Monday-Thursday. We have seen progress in all students using the Leap Track to assist in their reading skills. Students have been working hard on their basic math skills during the math rotation. In our homework rotation we are working hard on getting the students' homework started but we can not always get it finished. Please remember to check your child's homework daily to make sure they complete it. As a staff, we appreciate that you allow your child to stay until 5:20 so that he/she can complete all rotations at our program.

President's Day is Monday, February 16

No School!

Dinner

Please remember that if you signed your child up to eat dinner, we expect them to stay until 5:30 when dinner is served. Also, we have noticed that many children are picked up early on Friday, or they tell us they are going out to dinner with their families. If this is the case, please send a note with them on Fridays and have them give it to us as soon as school of out so a dinner is not ordered for them. We really don't want to throw away food!

Parent Conferences 2009

Thank you, parents, for scheduling and re-scheduling parent conferences. We received positive feedback from you and hope to implement your suggestions into the program. We'd like to remind you that we are here to assist your child in his/her learning in homework, reading skills and math skills. We do not guarantee to raise grades given by your child's teacher, but hope to help in the support of improving their grades by providing them with skills needed to achieve success during the school day.

Upcoming Events

TCLC is planning many special events for upcoming Fun Fridays. Events include a visit from the Humane Society, decorating Valentine's Day crafts and learning sign-language. Art week is February 16-20 and the students will continue working on

their projects from January that they did not finish due to the snow days.

Reminder!

Parents! Please remember that it is still winter and your child needs to have a warm winter coat, gloves and a hat as we do go outside for recess. Please make sure your child is dress appropriately! Thank you.
